SUPPLEMENT TO
REPORT NO.

25X1B 2. The vessel shoved

4. Description of the destroyer : *

a. Two funnels; the forward funnel was higher than ^{the} after funnel.

b. There was a set of torpedo tubes between the two funnels. The number of the torpedo tubes is not known.

c. On the forecastle is a single-mount gun; caliber estimated at 33 mm.

Forward of after funnel is a 37-mm AA gun.

Aft of the second funnel in a raised position one quadruple AA gun and aft of it two super-cosed turrets with single-mount 83-mm guns.

5. On the morning of 16 November 1949, the Soviet mine sweepers T 442, T 444, T 447 and T 449 were observed near the Hamina light.

6. On the mainland, north of the isle of Porkhalla in the Soviet sector, is a lattice mast apparently of recent construction. Approximate position : 59°59'1"N/24°26,9'E.

25X1A [REDACTED] Comment :

* According to the description the reported destroyer may be a vessel similar to the former German torpedo boat T 33 which has been delivered to the Soviets.
